

DEPARTMENT CONTACT SHEET 2011/2012

If you need to register in a course on SOLAR that is full and there are no alternative courses that satisfy your degree requirements, you need to contact the Department of the course and/or your Faculty Office provided that you meet the course requisites. In addition, if a course is required for your program and there is room in the core component (normally the lecture) but you can not select a conflict free lab and/or tutorial because they are all full, please contact the Department of the course. Contact information is included below.
