Extension to the 2022-2023 Full-time OSAP application

[Application Deadline](#): no later than 40 days prior to your end of study date.

Purpose:

This extension form can be used to extend your OSAP application where all the following specifications are met:

- You have already submitted a full-time OSAP application for the current academic year.
- Your current application is complete and your OSAP Confirmation of Enrolment has been processed.
- You intend to take a 60% course load (40% course load for students with a permanent disability) and your student status is not “continuing or transitional.”
- Your term units OR co-op work placement are a requirement for your McMaster OSAP-eligible degree program.

Important Information:

- Please be aware that any reduction in course load (even by 3 units) may cause a significant reduction in your OSAP entitlement and may result in an overpayment or ineligibility for funding. All changes must be reported promptly.
- If you are a McMaster student taking courses at both McMaster and at another institution on Letter of Permission, please print off a “Registration and Fees Confirmation Form” from our website. You must complete Section A and have an official at the institution where you will be attending complete and sign Section B; then, submit the form along with this extension. If taking all courses at another institution on LOP during the term, you must apply for OSAP through the other institution.
- For funds to be released, you must be enrolled in the total number of units you have specified in Section 1 of this application. The release of funds will occur after the start of your extended study period. Disbursement will be approximately 5 – 10 days after your Confirmation of Enrolment has been processed by the Aid & Awards Office.
